

A RAID FLOOD WILL WIPE OUT TOWN

Black River Falls, Wis., Slowly
Collapsing Under Shock of
Rushing Water

BREAK AT DAM THE CAUSE

Several Other Towns in Path
of Overflow—Fears for
Safety of Settlers

LA CROSSE, Wis., Oct. 6.—The situation at Black River Falls, a prosperous little city of 2,000 persons which was given by a flood today when the Black river swollen by recent rains, washed through the embankment of the La Crosse Water company's dam at Hatfield, is tonight worse than was feared when the deluge burst upon the city.

Half the business section has been destroyed, together with a part of the residence portion, and it is feared by the people who have taken refuge on high land that the city will be wiped off the map.

Whether lives have been lost is not certain. The people have been scattered, and tonight canvasses are being made to determine if any are missing. Thus far two persons have not been accounted for, and they may have been swept away by the flood.

Over 50 Buildings Destroyed.
At 7 o'clock tonight between 25 and 30 business houses, comprising all the stores on both sides of two streets, had been destroyed, together with an equal number of houses. At that hour the waters were rising rapidly and the destruction of the stores on the other two business streets was predicted.

The water undermined one of the buildings, after another, and as the debris was carried away, the Tremont hotel, a substantial three-story structure, was the first to go.

No measures could be taken to stem the wreckage of the town, the residents finding it a difficult problem to secure safety for themselves. None of the stores in the town were saved, and little of the heavier furniture in the houses, the people, although they knew of the overflowing of the Hatfield dam, showing little fear until the waters burst upon them.

The city is in darkness, the electric light plant being out of commission. The disaster was caused by the sudden rise of the Black river behind the dams of the water company, for several days, which lasted almost a week. The dams withstood the pressure, but in each case the river washed around the side, taking out a big section of the river bank and coming down upon the country below in almost a great volume as though the dams had been swept away.

Surrounding Country Flooded.

The \$5,000,000 property of the water power company, believed to be greatly damaged, the breaks on the side relieving the pressure, and tonight it is said the main dam, which is a concrete structure 100 feet thick at the base and 50 feet at the top, would probably stand all the force directed against it.

Besides the damage at Black River Falls, the great track of surrounding country was flooded. Efforts were made to send warnings to farmers, but telephone wires were the first to go down, and the fate of many settlers who knew nothing of the flood until it struck their localities, is the cause of apprehension.

Below Black River Falls are several

FLOOD HAS REACHED CREST

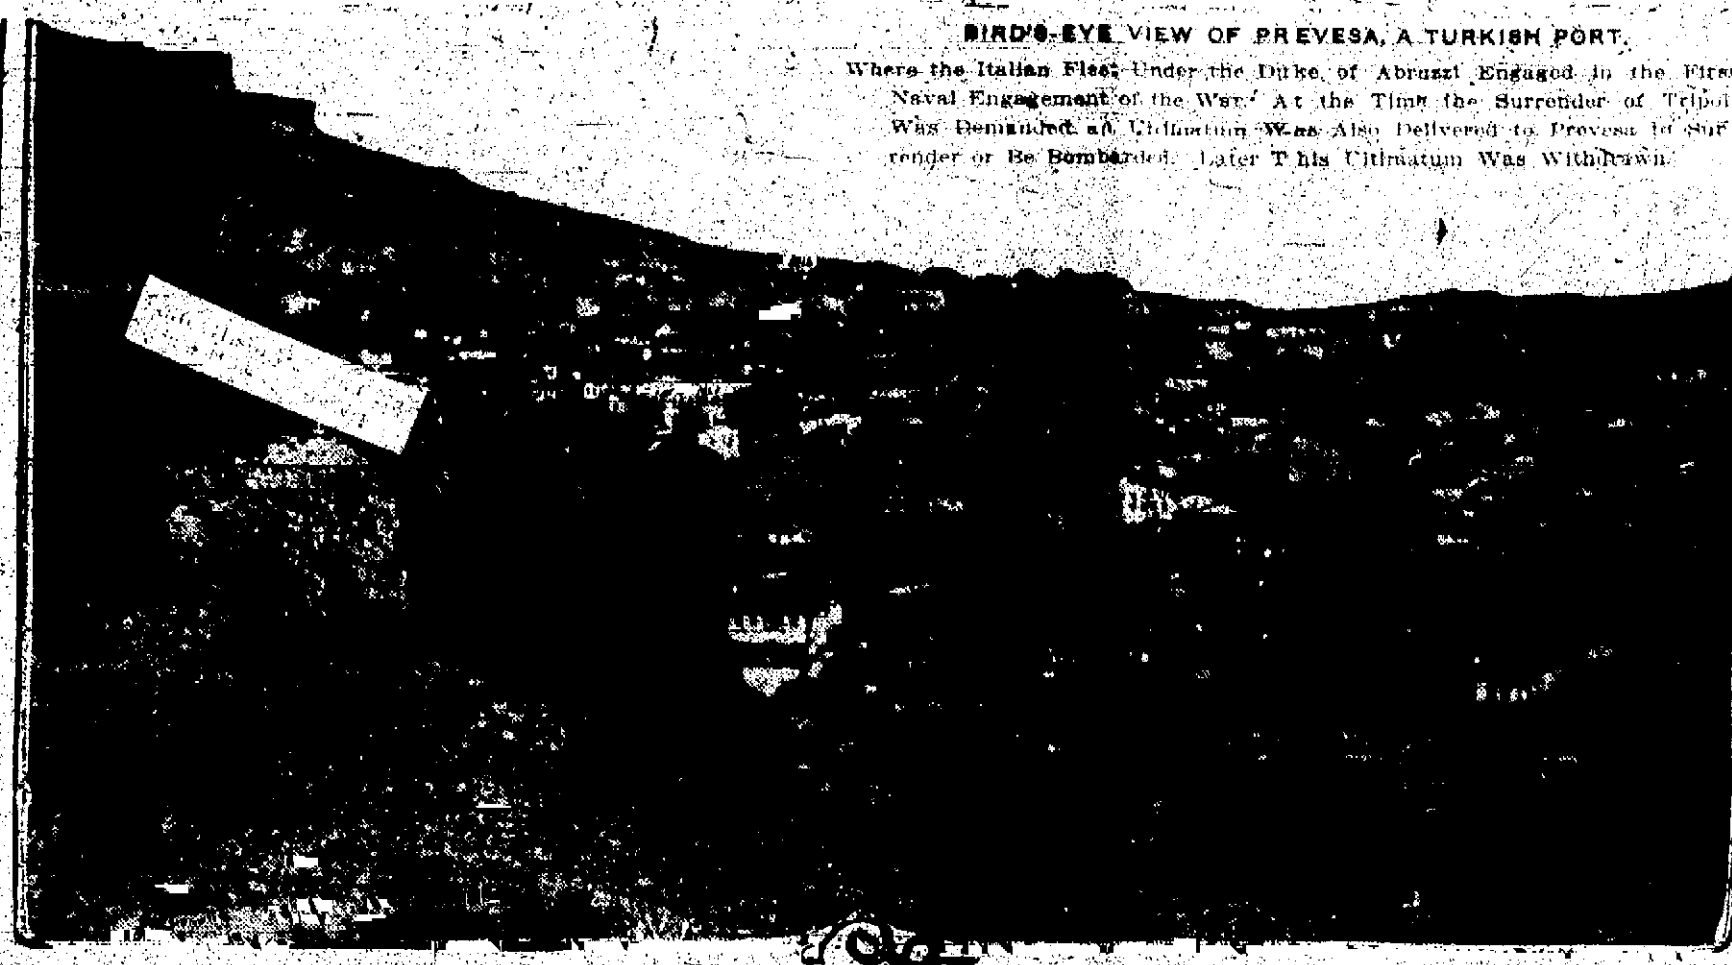

Property Damage in Various Parts of
State Will Be Heavy—D. R. G.
Suffers Most

DENVER, Oct. 6.—Reports from various parts of the state which reported flood damage yesterday indicate that the worst has passed. Property damage, it is said, will be heavy, especially to the Denver and Rio Grande railway, which suffered severely by washouts, but no additional deaths are reported.

At Montrose the Roubidoux river is the highest in its history. Many bridges are out and railroad traffic has been suspended for at least 30 days. Bridges at Telluride and Durango will be washed out and tracks gone in every direction.

From Telluride comes a rumor that a power plant at Durango has been washed out, but it is impossible to get confirmation as there has been no communication with Durango, which is 120 miles from Telluride, for more than 24 hours.

At Del Norte one half of the town is reported inundated. Five miles of the Denver and Rio Grande tracks are said to be washed out and more than 30 miles damaged. At this point the rains have swollen the Rio Grande to a width of two miles. At Creede railroad traffic is suspended, several hundred feet of the Rio Grande track being washed out below. Wagon trails are

AUSTIN INQUEST TAKES A RECESS

OFFICIAL OF COMPANY
REFUSES TO TESTIFY

Owners of Dam That Caused
Big Loss of Life Fear Criminal
Prosecution

AUSTIN, Pa., Oct. 6.—Frederick Haining, superintendent of the Bagless Pulp and Paper company, owners of the dam which broke last Saturday at the expense of many lives and the practical destruction of Austin village, refused to testify upon the advice of counsel, at the coroner's inquest this afternoon.

Further inquiry was adjourned indefinitely, and District Attorney Nelson said it would not be resumed for at least two weeks, because of the necessity of procuring expert testimony.

Mr. Haining was the last witness. Almost the first question brought his refusal to answer. Walker K. Steelhead, his counsel, announced that inasmuch as it was common report that the inquest was held for the purpose of bringing a criminal prosecution he had advised his client in this course.

The situation has settled down to the routine of removing the debris, burying bodies, receiving and distributing supplies and rehabilitating Austin. The activity of the day was disturbed by a strike of 200 week laborers at Costello because of long hours. They were at once paid off and ordered to depart.

Three bodies and the charred bones of two others were recovered from the ruins today. This makes the total list of dead 15.

MUCH OF MONEY WAS FOR ENTERTAINMENT

Hearing Shows the \$50,000 Was for
Stephenson Took \$2 Each for
"Treats"

MILWAUKEE, Oct. 6.—After examining 22 items of accounts paid to individuals who allegedly for campaign expenses, received \$50,000, the state board of investigation, in connection with the election of United States Senator Isaac Stephenson today heard testimony that much money was used for "entertainment" and not for any corrupt purpose.

No itemized accounts were returned, but Rodney Sackett, one of the campaign managers, testified he had been informed the money had been used for buying cigars and beer.

It was the custom in Wisconsin during campaigns, Sackett testified, to send jugs of whiskey and cases of beer to localities where favorable political sentiment was to be worked up.

All this was given by Sackett explaining Senator Stephenson's expenses for the primary nomination.

When Senator Stephenson, the chairman, asked whether Mr. Stephenson had spent almost \$2 for entertainment for each of the 50,000 voters he had received, the witness said that that was one way of reckoning it.

It was brought out that several ministers had acted as campaign workers, but it was not shown that they had anything to do than to urge voters to vote for Stephenson.

"How many votes do you think Senator Stephenson got in consequence of his liberal spending?" asked Senator Stephenson.

"I don't know that he got any on that account," replied Sackett.

"What? Despite of all that entertainment do you not know of a single vote he got for it?"

"Not any."

TURKEY DISPATCHES NOTES OF PROTEST

Are Sent to All Parliaments,
Peace Organizations and
Educational Bodies

CONSTANTINOPLE, Oct. 6.—At a meeting today in the mosque of St. Sophia a telegram of protest against Italy's declaration of war on Turkey was formulated and sent to all parliaments of the world, peace and arbitration societies, universities, Socialist organizations and The Hague peace tribunal.

The telegram says the occupation of Tripoli is unjustified and that Italy is unworthy of a place among the great powers. It asks whether western civilization has considered the effect upon the eastern millions of Italy's brigandage.

The meeting also sent the following message to King George of England: "How can a power like England, ruling between 80,000,000 and 90,000,000 of mankind regard with complacent silence the declaration of war against the Ottoman nation and the blockade of Tripoli? Is such policy in harmony with the present and future interests of England?"

Formal Explanation to United States.
WASHINGTON, Oct. 6.—The state department today received from the Turkish ambassador to the United States the first formal note of explanation of Turkey's attitude in the struggle with Italy.

The note reviewed the attitude of Italy setting forth that the war had been proclaimed without regard to Turkey's request for further explanation of Italy's demands.

Accompanying the note addressed to the American government was a letter from the ambassador making it clear that Turkey desired to be set right on the charges that she had not given due weight to Italy's final 24-hour ultimatum.

This document will establish under their own hands the circumstances that have preceded the declaration of war which Italy has so unjustly imputed to the Ottoman empire, says the letter from the ambassador.

Moreover, it presents irrefragable proof of the desire which the imperial government had to see all the pacific means in its power to preserve peace.

Consequently it never entered into the mind of the imperial government to wish to undermine the meaning of an ultimatum as certain parties wish to pretend.

The statement presented by the ambassador reviews the action of Italy in sending a note to Turkey September 22, pointing out the danger to which the security of the Italian subjects at Tripoli was exposed, a note in which it is intimated that it would be inclined to take military measures.

Reassured Italy.
The imperial Ottoman government answered that no danger whatever existed, continued the note, that the

ROYALISTS MAKING GAINS IN PORTUGAL

Reported to Have Surrounded
and Cut Off Republican
Troops at Braganca

LISBON, Oct. 7.—It is reported here early this morning that the monarchists at Vinhas, 10 miles west of Braganca, has surrounded and cut off the retreat of the Republican troops in that district.

VIGO, Spain, Oct. 6.—The Journal says the Portuguese Republic concentrated at Ponte de S. Antonio, the province of Zamora, Spain, about 20 miles northeast of Braganca, Portugal, have formed into three columns under the command of Captain General, Senor Comanche, General and Honorable.

Their first objective was Chaves and Braganca, where the republicans are reported to have surrounded in favor of the monarchists, and concentrated a few officers who held contrary opinions. The monarchists now say the entire population of North Portugal has made common cause with them.

The Journal further says the monarchists have acquired two warships, one of them of 16,000 tons. It says all the foreign press is confirmed officially by the monarchist leader.

LISBON, Oct. 6.—A band of Royalists has been defeated in a fight with Republican troops near Braganca, in the northwestern part of Portugal, the monarchist most province of Portugal.

A column of the monarchists, commanded by General Canichas, captured the principal lieutenant of the Republican leader, Captain Loureiro, entered Portugal Thursday morning from Zamora, Spain, and occupied Braganca, Carregosa, Espinhoso, Paço, Souleiro and Parafino, all near Braganca.

Two thousand Royalists, gathered from various places, also have joined the column now at Vinhas.

Several flights, in addition to that near Braganca, have occurred, but according to official reports, there were few casualties.

The monarchists are awaiting another column which is expected to enter Portugal by way of Verin.

PUBLIC LANDS ACTION ASSURED

TAFT CALLS BOTH FAC-
TIONS EXTREMISTS

President Advocates Abolition
Departmental Red Tape
Regarding Settlers

HOUSTON, Oct. 6.—Former Governor Brady of Idaho today informed President Taft to bring his western governors to Washington next winter to consult him upon the question of the public lands. The governor did not elaborate on his idea for the solution of the public lands question, but Mr. Taft himself promised several auditors to do all in his power at the coming session of congress to have passed an act regarding this subject. Such legislation, the president said, would not interfere with the policy of conservation. The principal grievances of settlers, the president found, are the short time in which first payments on land are required; the length of time demanded of a settler before he becomes owner of the land, and the fact that even after a tenure of five years, title to the land does not pass. He did not take up each issue in detail, but declared that there was no reason to doubt that congress would settle them at the next session.

Mr. Taft spent the day in Idaho, making up at Escalante to go ashore from his train and make his first address, and practically closing the day's work here tonight with a speech to several thousand people of settled States Senator Borah and Governor Brady accompanied him on his trip across the state.

After leaving Escalante, Mr. Taft left his train but once, and that was to visit the Canyon County fair, "Fud" being the name of the fair.

On the way west, Mr. Taft met Senator Borah and other Idaho citizens had informed the president of the good effect of the speeches of Secretary of the Interior Fisher, recently delivered in Idaho. When he reached the fair grounds at Caldwell, the president was prepared to make his first public appearance next winter. He spoke from a platform just in front of the grandstand and across the race track from the judge's stand. He had started speaking when the starter across the way yelled through the megaphone:

"The next race ladies and gentlemen, will be College Maid against her own record, without bridge or door." The president laughed and stopped, while College Maid trotted around the track in a time that never was announced while the presidential party remained on the grounds.

Speaking of the problem of the public domain, Mr. Taft said that both sides must make concessions, and the extremists who wish the land open and those who wish to keep it closed forever must be put aside and the middle ground sought.

FINDS IMAGE ANCIENT GOD

At Least Kansas Who Underneath
Believes He Has

PRESTON, Kan., Oct. 6.—What is believed to be the image of the god of an ancient race was unearthed here today by Frank Kelly, a contractor. The image was found 17 feet below the surface in soil that apparently has lain there for ages. It was in a formation of hard yellow clay.

The figure is made of material resembling plaster of paris though it is much harder. There was numerous fragments of the same material lying near and efforts are being made to pick these together to determine if possible what kind of people made the image.

The supposed god shows the head and most of a man, and on the front and back are queer marks that may be the letters of a forgotten race. The

STRIKERS DRIVE INTRUDERS OUT

NEW ORLEANS MOB IS RE-
PULSED BY POLICE

Strikebreakers Quartered at
McComb Without Any
Disturbance

NEW ORLEANS, Oct. 6.—As a result of the attack this morning by strikers, Central strikers and sympathizers on the school building where 118 strikebreakers were quartered, the latter this afternoon were escorted to a train by armed guards and rushed out of the city.

The onslaught of the mob against the strikebreakers came with such suddenness that the small police detachment had no opportunity to summon reinforcements. Corporal William Peterson in charge of the squad, however, displayed such fearlessness in the face of overwhelming numbers that the mob's spirit wilted and a bloody encounter was averted.

The mob fell back two blocks from the railroad property and dispersed, not, however, until assurances had been given by the city authorities that the strikebreakers would be taken out of New Orleans before dark. This the mob and strikers arranged to do.

If those "scabs" are removed before 3:30 o'clock our men will let them depart in peace. I cannot be responsible after that hour for what happens if the strikebreakers are still here.

This is what W. E. Hoven, secretary of the Federated Trades and Labor Union, told Acting Mayor McComb and Inspector of Police Reynolds. At 2:30 promptly the strikebreakers were placed on a special train and rushed out of the city for McComb, Miss.

No Demonstration at McComb.

McCOMB, Miss., Oct. 6.—Three carloads of strikebreakers, which were today rescued from a mob in New Orleans, arrived here at 10 o'clock tonight on a special train under military guard and without any demonstration, escorted to the Illinois Central shops.

This is the first consignment of strikebreakers to arrive since the enforced departure of the 132 stationed at the shops here following Tuesday night's riot. The fact that the men were not expected by the strikers, but the majority displayed no interest in their coming.

Quarters had already been provided in the company's shops, where the imported men were immediately installed for the night. Tomorrow, it is said, they will be joined by another shipment of men.

Another machine gun team by express today, making four now in the hands of the military patrol.

Restless at Houston.

HOUSTON, Tex., Oct. 6.—With a record of one killed and another being between life and death, three others badly wounded and several employees of former employees of the Harlingen lines injured to date, the Harlingen lines strike entered on its sixth day at Houston with conditions unsettled and intense feeling. Railroad officials claim they have a force of 40 per cent of the local shops with more men on duty than the strikers content with and men are being sent out to work against a normal force of several hundred.

The strike was progressing peacefully at other Texas points today according to reports received here.

Strikebreakers Strike

MEMPHIS, Oct. 6.—Disaffiliated with conditions near the Memphis shops, Illinois Central strikebreakers struck today, and tonight railroad officials agreed that 100 were sent to Chicago. At strike headquarters it was said more men will be sent out to work against the strike forces. The walkout was without disorder.

Appropriation Much Lower Than
Last Year

WASHINGTON, Oct. 6.—Provisions for the establishment of a parcels post and the transportation of mail by aeroplane has been made by Postmaster General Hitt in his annual estimates of postal expenses submitted to the treasury department today.

According to these estimates, the appropriations necessary to meet the expenses of the postal service during the coming year will be \$200,000,000, a decrease of \$2,555,740 over the appropriations for the current fiscal year.

The most important of the items are those providing for a parcels post. They include \$50,000 to cover the preliminary expenses on rural mail routes, and an equal appropriation to start the service in the cities.

SEVEN OUT OF NINE COME TO EARTH

Rough Weather Brings End to
Hopes of Balloon Racers,
After Few Miles

BETWEEN FRANCE-GERMANY

Condor and Berlin II Still in
Air and May Now Be
in Canada

KANSAS CITY, Oct. 6.—Rough weather today drove to earth seven of the nine racing balloons that left here yesterday in contests for the James Gordon Bennett trophy and the Talm Cup.

Two balloons, the Condor, flying the flag of France, and the Berlin II, carrying the national colors of Germany, are still in the air tonight fighting for the honor of winning the international balloon race and thereby winning the James Gordon Bennett cup from America.

Twice in successive years have the Stars and Stripes floated from the winning balloons in the Bennett race, and had America won this year's race the Bennett trophy would have been this country's permanent possession.

The Berlin II has not been heard from since it floated away from aviation field here yesterday afternoon and the only word from the Condor was a radio message last night which it passed over St. Joseph, Mo. The Buckers, piloted by Lieutenant Frank P. Lahm, to which America plus her faith because it has flown farther than any other balloon entered in the international that has reported, came down near Seattle, Wash., 270 miles from Kansas City this morning. To win the foreign aeronauts yet in the air must exceed this mark.

The "Million Population club," a hope of the American aeronauts, landed at 6 o'clock this afternoon at Mason City, Ia., having covered, but 46 miles, although it was in the air 18 hours longer than the Buckers. This fact led to the belief tonight that the race was not nearly as close as it had been at first. The Million Population club and the Condor have successfully withstood the terrific rain and wind storm that beset their competitors, they are tonight probably sailing into Canada.

No Records Broken.

No records were broken by any of the balloons that are in the air. The longest distance covered by any of the balloons was 46 miles. Two landed in Wisconsin, two in Minnesota and three in Iowa.

Reports from the landed balloons bring stories of hard battles with a violent storm, rain and wind storm that raged high over northern Iowa, Minnesota and Wisconsin last night and today. The disturbance appears to have been traveling in a circle. Two balloons started in brief dispatches.

STATE CLUB WOMEN NAME NEW OFFICERS

DENVER, Oct. 6.—The annual convention of the State Federation of Women's clubs tonight elected the following officers:

President, Mrs. Arthur H. McLean, Canon City; first vice president, Mrs. P. A. McLaughlin, Fort Collins; second vice president, Mrs. W. B. Garretson, Denver; recording secretary, Mrs. Adam Gyles; corresponding secretary, Mrs. Guy L. Hardy, Canon City; auditor, Mrs. T. J. Pyles.

The following delegates were elected to the national biennial convention: Mrs. A. M. Wells, Denver; Miss Ella New, western slope district; Mrs. W. B. Garretson, Denver; Mrs. Theodore F. Van Wageningen, Denver; Mrs. T. J. Pyles, southeast district; Mrs. S. W. Hedges, Fort Morgan.

The alternates elected were: Mrs. James H. Baker, Boulder; Mrs. Jesse Northcutt, Trinidad; Mrs. J. R. Jordan, Pueblo; Mrs. B. J. Napier, Glenwood Springs; Mrs. George Duke, western slope; Mrs. Calvin H. Thomas, Greeley; Mrs. T. H. Lewis, southern district.

A resolution endorsing the 4000-mile memorial highway was adopted and it was recommended that action be taken by the clubs in the state. This statement by the federation reiterated its belief in an eight-hour law for women and a resolution endorsing such a law was passed. The following resolution was also adopted:

"We endorse an amendment to the existing law changing the office of state labor commissioner from an appointive to an elective one.

"Be it further resolved, that the law be so amended that the chief deputy labor commissioner shall be a woman, to be recommended by the women of the state. An amendment was also introduced in the existing law changing the office of state food commissioner from an appointive to an elective one and naming that the chief deputy in the pure food commissioner's office be a woman, recommended by the pure food commission and approved by the

Says Town Is Doomed.

LA CROSSE, Wis., Oct. 6.—"Black
River Falls is doomed," the town will
be wiped off the map," was the com-
ment of W. W. Holcomb, manager of
the Standard Oil company here, who
returned tonight from the threatened
city.

"When I left there, this afternoon,
the main portion of the place was un-
der water, and the flood was raging
through the streets. I only saw
a few people on the roofs of the houses.
I saw a big stone building on a hill
100 feet from the water, crumble like
an eggshell and disappear completely
with the hill that supported it. The
water had undermined the hill.
When the waters appeared, the fire
bell called everyone to assist the resi-
dents on the flats to remove their
goods."

dition."

Perched on the top of a 60-foot pole,
with a telephone instrument cut in,
with only darkness about him, and
whirling waters shaking the pole, he
sent news to La Crosse and Vashburn
to all points he could reach.

Wherever he could raise a country
exchange or a farmer's telephone, he
shouted a warning.
At 3 o'clock tonight, after having
been on the pole much of the time since
2 o'clock, Gettman was obliged to de-
scend, when the unsteadiness of the pole
gave him warning that it would soon

situation in the Wisconsin and Little

engineer now shows that the river is

tinuing to rise at the rate of three
inches an hour.
Late tonight the office building of

OVERZEALOUS FRENCHMEN CAUSE EMBARRASSMENT

Hoist Flag Over Fort at Agadir, Mo-
rocco, and Order Germans Out
of Vicinity

BERLIN, Oct. 6.—A group of French
men hoisted a French flag over the
fort at Agadir, Morocco, threatening
grave international complications.
It is announced that France had
proclaimed a protectorate and that a
French cruiser was en route for Agadir.

The French government immediately
disavowed the action, and, as it is
not represented at Agadir, instructed
the French consul at Mogador to ask
the Moroccan authorities to take mea-
sures to remove the flag and end the
incident.

According to the latest advices the
Frenchmen were hoisting the local
cavalry of Agadir who, on his own
responsibility had ordered the French
colors hoisted, but it is expected that
the Frenchmen will yield when they
learn that their government has dis-
avowed their act.

The tough appealed to the com-
mander of a German warship in the
harbor but he refused to interfere.
The French flag was planted on an
ancient bastion dominating the town
and which the overzealous French pa-
triot had occupied in the absence of
the garrison. They fired a salute and
sent word to the Germans to leave
Agadir, which they declared had be-
come a French possession.

The incident, according to the dis-
patches received here, created excite-
ment in southern Morocco, but the
German foreign office is satisfied with
the counter measures adopted by the
French government.

state of these regions was perfectly
normal, and that it would guarantee
the security of the Italian subjects. On
September 26, Italy sent an ultimatum
in which she announced her decision
to occupy the territory of Tripoli and
fixing a delay of 24 hours in order that
the imperial Ottoman government
should permit the occupation without
resistance.

The imperial government answered
in very conciliatory terms, asking to
know the desiderata of Italy. By a
document handed to the Turkish gov-
ernment, September 29, the Italian gov-
ernment, without examining this pro-
posal of the Ottoman government,
signed a declaration of war.

"While inviting the Ottoman agents
who were in Italy to return, the im-
perial government asked the inter-
vention of the great powers."

Leave Vicinity of Albania.

ROME, Oct. 6.—The intention of the
Italian government to avoid further in-
cidents on the Albanian coast was
frustrated either because Captain Bis-
carelli, in command of a section of the
torpedo boat flotilla, had not received
the instructions on this point, or be-
cause, provoked by the Turkish assumed
responsibility for his action.

To avoid repetition of such an oc-
currence, the admiralty office has re-
called all the ships cruising along the
Albanian coast.

It is understood Rear Admiral
Aubrey is maneuvering to the Aegean
sea, intending to place warships so
that he can capture without destroying
the whole Turkish fleet if it emerges
from its hiding place.

Appoint Governor in Tripoli.

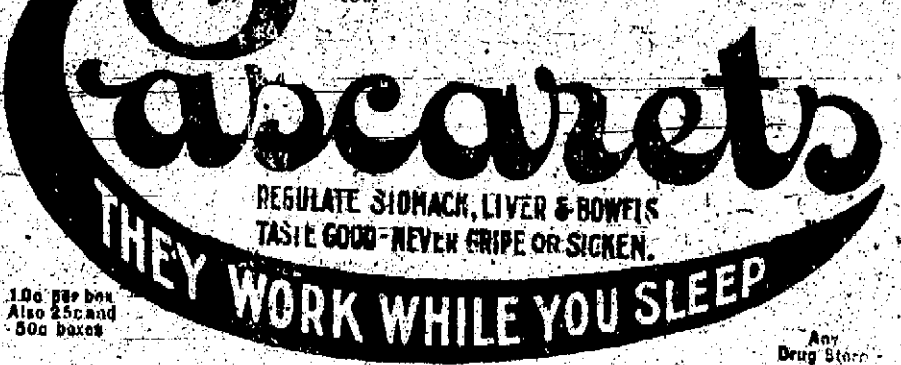

TRIPOLI, Oct. 6.—The Italians have
established a new government for
Tripoli. Rear Admiral Borodolova has
been appointed governor. Captain
Gagliardi was made commandant of the
forces disembarked by the Italian fleet.
After Italian seamen had been landed
and occupied Port Sultan, the chief
of the Arab tribes adjacent to Tripoli
went aboard the Italian flagship and
gave their submission. They begged
the Italians not to resume the bom-
bardment.

The German consul, as the senior
member of the consular corps, also
visited the flagship and asked Vice
Admiral Paravilla to assume respon-
sibility for the evacuation of the
city and the protection of the Agadir.

SLUGGISH BOWELS CAUSE HEADACHE, DIZZINESS AND SICK, SOUR STOMACH

No odds how bad your liver, stomach or bowels; how much your head aches,
how miserable and uncomfortable you are from constipation, indigestion, bilious-
ness and sluggish intestines—You always get the desired results with Cascarets.
Don't let your stomach, liver and bowels make you miserable another mo-
ment, put an end to the headache, biliousness, dizziness, nervousness, sick, sour,
stomach, backache and all other distressing ailments, cleanse your inside organs of all
this poison and effete matter which is producing the misery.

Take a Cascaret now, don't wait until bedtime. In all the world there is no
remedy like this. A 10-cent box means health,
happiness and a clear head for months. No more
days of gloom and distress if you will take a Cas-
caret now and then. Don't forget the children—
their little insides need a good, gentle cleansing,
too.

WILL ASK GOMPERS TO QUIT

DENVER, Oct. 6.—According to
members of the United Mine Workers
of America and of the Western Fed-
eration of Miners, here, as delegates to
the national convention of the Federa-
tion of Labor, members of those two
organizations will ask Samuel Gompers,
president of the American Federa-
tion, to give up his membership in
the National Civic Federation or resign
from the labor organization of which
he is the head.

This action is in line with the en-
forced retirement from the Civic Fed-
eration of John Mitchell, who was com-
pelled to give up a \$5,000 a year po-
sition as secretary of the Civic Federa-
tion at the demand of the United Mine
Workers, who made resignation from
the Civic organization the alternative
to resignation from the United Mine
Workers, at the recent national con-
vention of the latter body.

caused by the removal of the frag-
ment from the main body for trans-
planting.

ONLY TWO IMPLICATED IN HOSPITAL SHORTAGE

DENVER, Oct. 6.—Developments so
far do not indicate that anyone except
the late Alfred Muller, secretary, and
his assistant, Bruno Grosser, are im-
plicated in the shortage in the funds of
the National Jewish hospital for con-
sumptives here, according to Samuel
Grabfelder, president of the association
in charge of the hospital, who, with
directors of the organization, arrived
here tonight and went over the report
of the auditing company that has been
examining the accounts of the hos-
pital. The shortage, Mr. Grabfelder
declared, is in the neighborhood of
\$25,000, although exact figures cannot
yet be reached.

"Every dollar the hospital owes will
be paid, and every cent stolen from
the patients will be returned," said
President Grabfelder, tonight.

The officers and directors of the asso-
ciation will see to that.
"I am sorry that Muller is dead," he
went on to say, "if he should have liked
to have had the satisfaction of settling
the hospital's affairs, and leaving it
in the hands of the new board."
Practically the entire board of di-
rectors of the hospital association is
here, and it is expected that definite
action regarding the shortage and the
prosecution of Grosser will be taken
in the next few days.

Those who accompanied President
Grabfelder, who comes from Philadel-
phia, are Benjamin Althermo, trans-
lator and David May of St. Louis and
Louis Shoenberg of New York. Meyer
Friedman and David W. S. Friedman
are the local directors.

BROADWAY SPORT REFORMED

From the New York American.
The last place anyone would expect
to find "Duke" Brown of Broadway-
Clarence Brown, the spendthrift son
of the late Commodore Brown, million-
aire yachtsman, is Sussex, N. J. For
Mr. Brown's career and love affairs
on the Great White Way during the
'90s, with a bunch of promise sent by
the beautiful Fannie Ward made his
name known on both sides of the At-
lantic. But now he is in the little
Jersey town with his three little girls
and his pretty wife raising white Leg-
horns and shipping eggs to the mar-
ket.

In fact the evolution of the once
famous sportsman into a successful
farmer living, as he says, "high and
dry on the spring water wagon," will
be a surprise to all the old Broadway
crowd who once made the street merry
at his expense. For in all the history
of New York "Johnnies" no one has yet
ever sent the pace for lavishness and
generosity set by "Duke" Brown.

He was dubbed the "Duke of Broad-
way" one night at a gay supper party
by Nina Barrington, then playing in
"The Duke of the Champs." Mr.
Brown wanted to light a cigar and he
used a five-dollar bill as a taper. So
impressed was Miss Barrington that,
pouring a glass of champagne over

Mrs. Gwendolyn Burden, a prominent
young member of the New York and New-
port society. The report is again cur-
rent that Miss Burden, the second
daughter of Mr. and Mrs. T. Townsend
Burden, is engaged to marry David
Down. Although no official announce-
ment of the engagement has been
made, society is inclined to believe the
report.

The Burden family prominence in
New York and Newport society was
established by Henry Burden of Troy,
N. Y., who made a brilliant career.

his head, she dubbed him "the Duke
of Broadway," and the name always
stuck.

It was at this same dinner that he
met Fannie Ward. After a courtship
of three years, she sued him for \$100,000
for breach of promise, and her mother
asked \$50,000 more on the ground that
he had deprived her of her daughter's
support in causing her to cancel the-
atrical engagements. The suits were
never tried.

He hasn't forgotten it, he says, he
wouldn't change anything if he had it
all to do over again. For to quote the
man who has evolved a sort of Broad-
way philosophy of his own: "It took
me 15 years to learn the emptiness of
bubbles and Broadway, and those 15
years I have put out at compound in-
terest in experience, and expect to
work for the rest of my life. Even
Broadway, as bad as it is, has
me a good turn when I sickened of it.
You see, Bohemia is all right if a man
makes it an episode instead of the
whole thing. I was lucky—a hundred
to one shot in the human race. I beat
it in the nick of time, when most men
would be out of commission now, and
in the dress of Broadway. I have had
enough of Broadway and Bohemia to
last me till kingdom come. But I can-

15,000 Copies October
Number "Dry Farming"
Are Just Off the Press

The October number of Dry Farming, the official magazine of the International Dry Farming congress, is just off the press. The magazine contains 56 pages, including the program for the forthcoming exposition of dry-farmed products, and a schedule of railroad passenger rates from the various towns and cities between the Missouri river and the Pacific coast.

A special feature of the number is a colored insert of eight pages, prepared by the Colorado Springs Chamber of Commerce, and containing an excellent description of Colorado Springs and vicinity as America's scenic playground. The various points of scenic interest in the neighborhood are described in detail, the agricultural opportunities of the district, and especially of El Paso county, are given special attention, and the various hotels of the city, together with their locations and rates, are named in full, alphabetically. Excellent pictures are also shown of the Garden of the Gods, Mount Rosa, Pike's Peak, and the Narrows of North Cheyenne canon. The first page of the magazine also contains a fine photograph of Pike's Peak, taken from the rocks in Queen's canon. Other contents of the number are a complete outline of the congress program for the week of October 16, including the list of speakers for both the Dry Farming congress and the Congress of Farm Women, and articles by Prof. John Watson of Utah, Prof. E. D. Farrar of Washington, D. C., Prof. John W. Worrell of North Dakota, Prof. W. C. Palmer of North Dakota, Prof. A. M. Ten Eyck of Kansas, E. E. Parsons of Colorado, W. E. Taylor of Illinois, and others, on various phases of dry farming.

The number printed, the October issue was 15,000. They will go into all sections of the United States and Canada, and to more than 10 foreign countries, and the net result for Colorado Springs and vicinity will be an aggregate amount of advertising that could not be bought with money.

REV. MRS. CROSLY HERE

The Rev. Mrs. Lotta Crosley of Kent, O., arrived in this city yesterday to preach a series of four sermons at the Christ Universalist church during the month of October. She will deliver her first sermon tomorrow morning at 11 o'clock taking as her theme, "If God Shall Succeed."

The Rev. Mrs. Crosley, who is a cousin of the late Jefferson Davis, was the originator of the plan and raised the necessary funds to erect a canopy over the spring which recently started to flow in the Adamsville plain. She is also department chairman of the Relief corps of Ohio and an active member of the Daughters of the American Revolution.

BIG DELEGATION TO CALHAN FAIR

SPRINGS REPRESENTED
BY ABOUT 150 PEOPLE

Today Is Dry Farming Congress Day & Exhibition.
Many Plan to Attend

About 150 members of the Chamber of Commerce attended the Calhan fair yesterday, in order to entice the farmers of the eastern part of El Paso county, in regard to the coming Dry Farming congress, which will be held in Colorado Springs, October 16-20. The party left here on a special train for the Rock Island route and spent the day meeting the exhibitors at the fair. Secretary Henderson said last night that he expected a large representation from the Calhan neighborhood at the Dry Farming congress. He said that the exhibits were unusually good and showed the benefits which can be had by intelligent dry farming.

Today will be Dry Farming congress day at Calhan, and it is expected that a large number of people from this city will attend the fair to further the work of the chamber of commerce and Dry Farming officials.

The Visiting Party.

Among those who attended the fair yesterday from this city were:

DR. BACON LECTURES IN PERKINS HALL TONIGHT

Dr. Bacon of the Yale faculty, who is to give his lectures in Perkins hall tonight, Monday, Tuesday and Wednesday evenings, is the foremost American authority on new testament history and criticism, and an author of international reputation. His volume on "The Fourth Gospel in Research and Debate" created a stir in academic circles in Europe, and was there rated as the most valuable work yet published in criticism of the gospel of St. John. The arguments of the book, which German authorities hold is definitive, is that the fourth gospel is anonymous, and that its ascription to the Apostle John is not sustained by internal or external evidence. Other books of his are an "Introduction to New Testament Literature," "The Story of St. Paul," and "The Beginnings of the Gospel."

Dr. Bacon's lectures here will be first, this evening, illustrated by stereopticon, on "Greek Monuments in Palestine in the Time of Christ," and beginning on Monday, a course of three lectures on "Proposed Reconstructions of Christianity from the Viewpoint of Its Historic Development." To all of these the public is cordially invited.

Excellent Exhibit From Arizona at Dry Congress

Malcolm A. Fraser, secretary of the Prescott, Ariz., chamber of commerce, writes the following letter to Secretary Burns of the Dry Farming congress, which fully sets forth what Arizona will do at the coming congress:

"I have been doing little else for the last two weeks but gather dry farming exhibits for our space at the congress. You must not expect Arizona to make a very heavy showing. I am glad to say that I will be with you and will talk Arizona to the people who seem interested.

"We are doing really marvelous work, considering the drought we had in August, and we are very much enthused. What we wish to accomplish through this exhibit is the securing of intelligent, industrious men who will come to Arizona.

"I am arranging to have all exhibits in Colorado Springs by October 11, upon which date I will arrive there to place them in position."

Three Prominent Men to Address American Breeders Association

The full program for the session of the Colorado section of the American Breeders association, which will be held in Colorado Springs in connection with the International Dry Farming congress, has just been received by Secretary Burns from Prof. A. V. Kew. The meeting will last but one afternoon, and only three addresses are scheduled. It is seldom, however, that three men of such national note have been gotten together on one program of any kind, anywhere. Prof. W. M. Lloyd, assistant secretary of the United States department of agriculture, will talk about "Breeding Plants, Animals and Men." Prof. C. P. Bull of the Minnesota Agricultural college will discuss "Some Plant-Breeding Problems," and Mark A. Carleton, cerealist of the United States department of plant breeding, will take up "Test Varieties as a Necessary Starting Point in Plant Breeding."

Jewish Thanksgiving Week Is Opened Today

The Jewish Thanksgiving week, or Succoth, the feasts of the tabernacles, begins today. This holiday will commemorate the time when the children of Israel were liberated from Egypt and were forced to dwell in tents for forty years. According to Jewish law, carrying on the tents, which has been observed for thousands of years. It was at this time of the year that the Jews of Palestine were wont to gather in their harvests and give thanks unto the Lord for their bounteous crops.

Services will be held at the synagogue of the Sons of Israel, 417 South Cascade avenue, today and tomorrow, at 8:30 o'clock until noon.

FEDERAL CONTROL TO BE SUBJECT FOR A DEBATE

"Resolved, That the ownership of forest and mineral lands now belonging to the United States within the several states and territories should be retained by the federal government." is the question that has been submitted to the Parsons society of Colorado college by the Apollonian club, for the annual intercollegiate debate. The Parsons society has not yet announced its decision in the choosing of sides.

THE DANGER OF RHEUMATISM

The danger of Rheumatism is in temporarily in the treatment, or failing to realize the powerful nature of the trouble. If the blood is allowed to remain infected with uric acid, Rheumatism soon becomes chronic, and then if not checked it sometimes makes complete physical wrecks of its victims by permanently stiffening the joints and seriously interfering with the bodily nerve force. External applications will often temporarily relieve Rheumatic pains, but do not reach the blood, where the cause is located, and to depend entirely upon such treatment is a very dangerous thing to do. S. S. S. cures Rheumatism by removing every particle of the cause and purifying the blood. It filters out of the circulation every trace of the sour, inflammatory matter, cools the acid-heated nerves, causes a natural and healthy nourishment through the blood to all muscles, joints and bones, and perfectly cures Rheumatism in all its forms. S. S. S. does this great work because it is the greatest of all blood purifiers, acting directly on the source of disease. Our special book on Rheumatism and any medical advice will sent free to all who write: S. S. S. is for sale at drug stores.

Himebaugh's Plan to Exempt Police From Civil Service Fails

An ordinance introduced by Commissioner Himebaugh yesterday met with opposition from other members of the city council, and a number of changes will be made, it is said, before it is again brought up.

The measure in its present form exempts members of the police department as well as day laborers from the rules and regulations of the civil service commission. Commissioner Himebaugh, who is acting chief of police, declares that the purpose of his ordinance is to enable him to organize the force along different lines, to make the chief the real head of the department and to give him full control of the police.

The mayor said yesterday that the proposed ordinance savored of politics, but Himebaugh declared he did not regard the measure from that point of view. The ordinance presented is the forerunner of another which the commissioner of public safety proposes to offer for the regulation and control of the police department.

"Mayor Avery said he was in favor of the measure, but he would like to see the six months' residence requirement abolished. If you remove the police from civil service regulations," he said, "we may as well eliminate civil service altogether. If the police department is exempted, I want you to take the water department, the fire department and all the others away from civil service control."

Commissioner Himebaugh withdrew the ordinance yesterday, but promised to submit another one in the near future. As the charter provides that the police must be under civil service regulation, it is probable the next police department ordinance will be modified accordingly.

AUTO TRUCK ON FIRE

Fire companies Nos. 1 and 3 indulged in a little practice run about 5:30 o'clock last night when they were called to the Star laundry to extinguish a blaze which started in one of the laundry delivery automobiles standing in the rear of the building. It appears that a way of waste had been thrown in the back of the car and had ignited by spontaneous combustion. An alarm was telephoned to headquarters and the flames were extinguished with no damage to the machine.

SPECIAL C. & S. TRAIN FOR DRY FARM CONGRESS

A special train will be run over the Colorado & Southern railroad from Parkers to this city during the Dry Farming congress. The train will leave Parkers at 7:45 o'clock the morning of October 20, arriving here two hours later. The return trip will be made the same night. Reduced fares will be in force for the occasion.

The Colorado & Southern has announced that it will abolish trains Nos. 1 and 2, between Texas and this point, October 15.

RAILWAY AGENTS IN TOWN

Two district and one traveling passenger agents were in Colorado Springs yesterday visiting the various railway offices. W. F. Birch, district passenger agent of the Chicago and Great Western; Harry Hardy, traveling passenger agent for the Pennsylvania lines; and Charles Meier, district passenger agent for the Nickel Plate route, all from Denver, made up the party.

There are 31 electrically-operated draw bridges in Chicago, nearly all of them, spanning the Chicago river and its branches.

At The Theater

HENRY MILLER TONIGHT.
 Henry Miller, the famous actor-manager, will be seen at the Opera House tonight only in the greatest success he has produced during the past ten years. His play, "The Haven," was produced in New York the last season at the Bijou theater and proved an instant success. It ran through the winter and spring to capacity business, and is repeating its New York triumph throughout the western tour with which Mr. Miller began his second season in San Francisco July 24. The story of the play, according to Collier's Weekly is a swift, relentless duel between two men in which the stage narrative is stripped to the elements of pure, vital drama. "It is," said the New York Times, "an exceptionally fine play and could not have fallen into better hands. Mr. Miller has the mental grasp and technical efficiency to present all of its value in performance. He himself had done nothing more powerful or artistic in his whole career than the portrayal of this intense, almost saturnal husband, who from a condition of general contentment, is plunged into the depths of despair by the intelligence and the strength to wait for a vengeance more powerful than one of his own immediate execution." Mr. Miller never does anything half heartedly," says the New York Telegraph, "but in all his brilliant career—and this includes his great acting in 'The Great Divide' and 'The Only Way,' he never has given so forceful, so facile, so convincing a portrayal as that of Frank, the wronged husband in 'The Haven.'"

A Notable Dramatic Event of the Season Will Be the Appearance of the Splendid Actor, Henry Miller, at the Opera House Tonight Only in H. S. Sheldon's Fine Drama, "The Haven."

"McFADDEN'S FLATS."

That dry, unctious fun that permeates itself through the whole being of the hearer and makes him glad from his epidermis to his marrow, and from his caput to his pedal extremities, is the character of fun that permeates "McFadden's Flats," and starting at the rise of the curtain creates storms of laughter until the final word of the play is spoken. It is fun that, while of a brisk lively and pungent flavor, is still clean and wholesome and agrees with the most fastidious taste. It is such fun that characterizes all the work of that peculiar genius, R. F. O'Rourke, and his collaborator, E. M. Towne, of the New York Journal, and which has made them famous wherever the English language is spoken.

In "McFadden's Flats," which comes to the Opera House Monday night, they have put some of their best work and the result is that it has proved a gold mine to the management. It has enjoyed the most flattering success wherever presented and is now touring the country with one of the best comedy organizations possible to select. In making up this company the wishes of the author had to be consulted and the result is that every character is in the hands of a humorist who can produce all the best ideas of the creator of them. For people with the "blues" a visit to the "Flats" is sure to result in a speedy cure. The play will be the attraction at the Opera House Monday night. The specialties and musical numbers introduced during the three acts will long be remembered as pleasing and entertaining. The scenery is said to be on the spectacular order and to be the handsomest ever seen in faro comedy.

"SEVEN DAYS."

It will soon be here, the gayest, merriest, jolliest week in all time, a week to look forward to, a week to be remembered. "Seven Days" is a week of joyous, riotous, delicious mirth, seven days of tumultuous glee compressed into two hours and six minutes of fun that plunges everybody of whatever age, sex or condition into gay hysteria and laughing convulsions.

"Seven Days" will be at the Opera House Tuesday, so prepare to laugh as you have never laughed before and as you will never laugh again for this up-to-the-minute comedy of New York's smart set in quarantine is the record making laugh-producer of the American stage.

"Seven Days" said the dramatic writer for the Ceyan Book, "is the best comedy I have ever seen. All the critics agree with me. And talk about combining! This play combines more good points than any other of the sort I have ever seen in all my years of theater-going. First and foremost it is funny not in spots, which you have to wait for, but all the way through."

Equally enthusiastic was the dramatic reviewer for "Motion Picture News." "New York has never had a comedy in any way comparable with 'Seven Days.' Beside it the others become insignificant for what this comedy has they mainly lack, and to the last moment of the play the fun never stops." Said Motion Picture Magazine, "Seven Days" is the biggest comedy hit that has ever struck Broadway." Quotations fully as strong could be given from all the leading magazines and newspapers in the country to show that "Seven Days" is the greatest comedy success ever known in the United States. It is the only comedy that ever has attained a third year in New York, which it did at the beginning of the present season at the Astor theater. That tells the story—a third year in New York, the record of the American stage.

COMEDY IN QUARTERS
AT THE CHRYSLER THEATER

There will be comedy in quantity at the Majestic today, and for five days next week, said quantity being sufficient to make any ordinary person feel that for the 10, 20 and 30 cents which he elects to pay for the privilege of seeing it, it is a bargain worth taking advantage of more than once. Of course the bill is not all comedy, but there is enough of it to suit anyone who prefers the laugh stuff to anything else. And it comes in several styles, in both large and small packages. One of the small packages is "The Love of the King," a comedy in three acts.

Alice Hanson and Gladys Bijou, who if the word of press critics in other cities may be taken at its face value, are just about one of the biggest hits of the year on the Sullivan and Consolidated circuit. They sing, dance, cut up and use their goo-goo eyes, which is "buff" and, except that they are experts in all these diversions.

A larger package of comedy is labeled Beatrice Ingham's players, with Grace Gibbons in the center of the artistic tangle, and "The Duchess," Porter Emerson Browne's rich tableau of proletarian existence in Gotham, is the background. There is lots of philosophy intermingled with the comedy.

A medium-sized bundle with a European brand is marked Random Brothers, made in Germany, and it includes some of the funniest acrobatic work imaginable, with a burlesque boxing bout as a windup that would get a rise out of a mummy.

The Majestic will present one of the finest photoplays the East people have ever turned out, in which some wonderful sea shore scenes are reproduced, also a laughable film. The concert orchestra program completes the bill that is sure to please. Performances at 2:30, 7:30 and 9:30. Admission only 10, 20 and 30 cents.

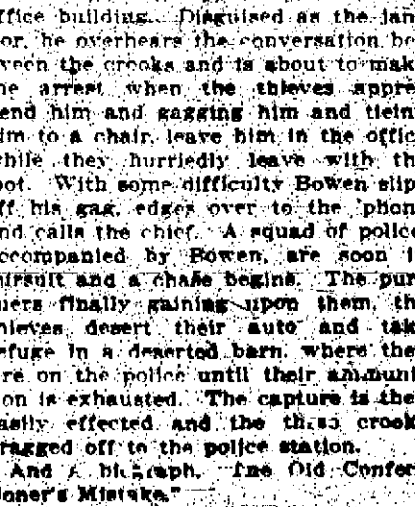

AT THE LYRIC THEATER

"The Surgeon's Temptation," an Edison drama which will please you.

"The Diamond Gang." The story begins with the receipt of a telegram by the chief of police telling him to search for three men, Jake, Raphael, Jack, Laclede and William Morrow, suspects in the Norcross diamond robbery. A young detective, Philip Bowen, is assigned to the case and after a search locates Jake Samuels, a diamond importer, supposedly in a city office building. Disguised as the janitor, he overhears the conversation between the crooks and is about to make the arrest when the thieves apprehend him and gagging him and tying him to a chair, leave him in the office while they hurriedly leave with the loot. With some difficulty Bowen slips off his gag, edges over to the phone and calls the chief. A squad of police accompanied by Bowen are soon in pursuit and a chase begins. The pursuers finally gain upon them, the thieves desert their auto and take refuge in a deserted barn, where they fire on the police until their ammunition is exhausted. The capture is then easily effected and the three crooks dragged off to the police station.

And a black and white comedy, "The Old Conqueror's Mistake."

COLLEGE SINGERS MAKING PLANS FOR ANNUAL TOUR

Plans are being made for the annual tour of the Colorado College Glee Club this winter. The trip is looked upon by the members of the newly organized club as the feature of the year. Dr. Vera Selma Richards has charge of the club work and the first rehearsal will be held in Perkins hall at 7:15 p.m., next Tuesday. The home concert will be given on the evening of January 18, closing the season. The entire tour will be made during the Christmas holidays.

The personnel of the club is as follows: First tenor, Park, Baker, Moyer, Munroe and Thomas with Kampf as first substitute; second tenors, Thorndall, Gentes, Grimsley, Morse and Lawrie, with Wright, McLaughlin and Atwater as substitutes; baritone, Mantz, E. W. Barnes, Selmdridge, Allen and Emery, with Ormes, Wright, Kline and Atwater as substitutes; basses, Windfield, H. Gregg, W. C. Barnes, E. Jackson and R. Jackson, with Ormes and Atwater as substitutes.

Lloyd L. Shaw will again accompany the club as reader. Homer McMillan and Gerald Selmdridge will furnish the instrumental music. Places for mandolins and guitars players on the various choruses are open and it is expected that a large number will be secured.

SPRINGS WATER SYSTEM
IN FIRST-CLASS SHAPE

Report Shows 1,450,000,000 Gallons Water Stored in Mountain Reservoirs October 1.

The Colorado Springs water department has gone through the summer in first-class condition, according to the regular monthly report of water superintendent E. B. McReynolds, submitted to the city council yesterday.

On October 1, the report states, there were 1,450,000,000 gallons of water stored in the mountain reservoirs and the stream in the watershed are yielding an average of 8,000,000 gallons daily. Daily seepage is estimated at about 2,000,000 gallons. The amount of water stored in the various reservoirs is as follows:

Reservoir No. 1	43,000,000 gallons
Reservoir No. 2	44,000,000 gallons
Reservoir No. 3	45,000,000 gallons
Reservoir No. 4	46,000,000 gallons
Reservoir No. 5	47,000,000 gallons
Lake Moraine	48,000,000 gallons
Total	233,000,000 gallons

At yesterday's meeting the board of directors was awarded the contract to furnish lumber for the street department during the next three months.

The contract for furnishing coal to the city will not be taken up until next week.

City departments were instructed to purchase coal and grain in the open market, as there were no bids received for those supplies.

The monthly report of City Treasurer Bartholomew showed a balance of \$118,087.06 on hand October 1.

City Electrician Renshaw was instructed to purchase wire and other materials to improve the fire and police alarm system at a cost not above \$534.30.

South Seas. One of the party, Alvy Montmorency, an English pop and braggart, makes himself pretty solid with the girls by constantly telling of his wonderful exploits with a gun.

While passing an uninhabited island, named Santa Cruz, they decide to go ashore and hunt goats. Alvy protests, but is finally persuaded to join the party.

They have only been ashore a short time, when Alvy and the girls, who have become separated from the rest of the party, are frightened almost to death by the sudden appearance in their midst of a white-eyed long-haired, skin-clad Indian of gigantic size. He has jumped from a ledge of rock above them. Alvy, who has been telling the girls of his great deeds, gives one terrified glance at the wild man and runs for his life. The girls thus deserted, run in the opposite direction.

Mary McKinney Will Deepen Main Shaft

Next week an extra shift will begin deeper sinking of the main shaft of the Mary McKinney mine, inasmuch as the Roosevelt Deep Drainage tunnel has proved its efficiency by reducing the water level of the mine 75 feet. It is thought that the tunnel will enable the miners to work at a level of 125 feet, and efforts will be made to that end. The process of drainage has necessarily been slow because of the nature of the system. Water seeps through the many cracks and crevices of the ore and rock formations until it reaches the tunnel.

Mishaps to machinery have delayed the extensions of the tunnel to the blue hell vein, and it is doubtful that work will be continued in that direction for some time. Over 4,000 gallons of water are being poured from the tunnel portal each minute, about half of which is coming through the El Paso drill hole.

HUERFANO STREET LIGHTS ARE BEING PUT IN PLACE

Decorative lights are being put into place on Huertano street between the viaduct and Nevada avenue to carry out the general decorative lighting scheme which is now illuminating Pikes Peak avenue and Tejon street. Draperies like the ones on the corner of Pikes Peak avenue and Tejon street will be placed at the corner of Huertano and Tejon streets. The lights are being paid for by the merchants of the street, who have raised \$200 for their maintenance. It is expected that all lights will be in place in time for the Railway Signal Men's association meeting.

Soda crackers are extremely sensitive to moisture.

Before the advent of Unceda Biscuit the only persons who ever tasted fresh, crisp soda crackers were the people in the bakeries.

Imagine their trip from bakery to your table; exposed to air and moisture kept in grocers' boxes and finally in a paper bag on the shelf in your pantry. Could they be the same as they were the day they were baked?

Now that we have Unceda Biscuit we have perfectly baked soda crackers perfectly kept.

No moisture can reach them no contaminating influences can affect their flavor their goodness is imprisoned only to be liberated by you for you when you open the package.

Always in the moisture proof package. Never sold in bulk. 5 cents a package.

News of Local Courts

John Price, colored, was found guilty of a statutory crime by a jury in the district court yesterday. The principal witness for the prosecution was an 11-year-old girl. Sentence has not been pronounced.

In the county court yesterday Grace T. Quick filed suit for divorce from Clifford D. Quick, alleging extreme cruelty. The couple were married here April 6, 1904.

William Carmichael charged with working a confidence game on Richard Krug, will be placed on trial in the district court this morning. It is alleged that Carmichael secured a small sum of money from Krug by what is termed the "strap game." He was tried before, but the jury did not agree on a verdict.
